

Cosmetic Imaging/Simulation Service

Cosmetic simulations are for marketing and motivational purposes, not treatment planning. They will help patients understand that they have a need for and would benefit from cosmetic dentistry by providing a comparison photo to reference with the generally recommended treatment. We will do a full Smile Makeover simulation unless there are notes or specific instructions as to another desired outcome.

Process

1. Email one portrait photo to imaging@killiandental.com. Photo should be taken in accordance with our photo taking guidelines. We reserve the right to return any photo for a retake. The turn-around time will start once an acceptable photo has been received.
2. Service timeline and deadline
 - a. M-F 9:00AM-5:00PM EST /6:00AM-2:00PM PST
 - b. Level of Service:
 - i. In-Office (patient is in the office, 45 minutes maximum turn-around time)
 - ii. Out-of-Office (ASAP within 24 business hours)
 - c. Cut-off time: Simulations must be received by 4:15PM EST/1:15PM for In-Office Service
3. Please include the following in your email:
 - a. Doctor Name, how you would like it to read on the simulation.
 - b. In the subject line, Patient Name and Level of Service (ex. Bryan Jones, in-office)
 - c. Office Phone Number
 - d. We will do a full Smile Makeover simulation unless there are notes or specific instructions in the body of the email.
4. Completed photos will be sent via reply email. Please use a new email for each new patient photo

Fee

You will be billed \$89 for each completed and returned simulation

Printing

We recommend you use an actual photo printer to print your simulations. You can print any size but 4x6 is ideal. We recommend a Cannon Selphy for this size print out.
